

<p>January 12, 2021 Beginners Session, Part 1: from 1 pm to 2:15 pm</p> <p>January 14, 2021 Advanced Session, Part 2: from 1 pm to 2:15 pm</p>	<p>Webinar: Perspective Drawing - Beginners and Advanced Back by popular demand is landscape designer Erin Lau (www.drawntogarden.com), teaching us to create perspective sketches over a photo of a landscape site in a 2-part webinar series. Learn to sketch a three-dimensional space on a two-dimensional picture plane, aka 1-point and 2-point perspective drawings. Attendees can sign up for a beginner's class (similar to our 2019 in-class event) or an advanced techniques class. Or they can attend both! APLD, WSNLA and ASLA CEUs pending. - Members each live session at \$35 recording only at \$25. - Non-members each recorded session only at \$50.</p>
<p>February 10, 2021 Time: 10 am to 11am Members: Free Non-members: \$25</p>	<p>Webinar: Vendor Spotlight - Northwest Nurseries: New and Exciting Plants for 2021 Laura Wildfong will showcase new and exciting plant varieties that will be on her inventory for 2021. Based on the Farwest show, some of these plants will offer greater hardiness, increased bloom time, more vibrant color, improved habit, and better disease resistance. Now, that is a great way to jumpstart the design on this year's planting schemes. APLD, WSNLA and ASLA CEUs pending.</p>
<p>March 11th 2021 Time: 10 am to 11 am Members live session at \$35 recording only at \$25. Non-members recording at \$50</p>	<p>Webinar: Insight into Effective Client Communications 'Under-promise and over-deliver' or 'Aim high and over-deliver'. What is the key to managing client expectations? What are effective ways to express design ideas, convey the process details, and deliver on promises? Join us for an in-depth panel discussion on client communication methods that maximizes your efficiency and productivity.</p>

<p>August 2021 Date: TBD Members & one guest at \$75 Non-members at \$95</p>	<p>Garden Tour and Vendor Spotlight – Outdoor Rooms and Outdoor Kitchens This past year, our clients have been looking increasingly to using their yards as an extension of their homes. People want to be able to be in their yards throughout the year, and to meet up safely with friends in attractive and practical outdoor rooms. Our summer program this year is an opportunity for us to learn about best practices, latest trends, and useful tips from established vendors of outdoor kitchens, fireplaces, and fire pits – something realistic for every budget. Join our in-person (keeping fingers crossed!) garden tour of outdoor living rooms and kitchens, to be inspired for your own designs and learn how to work together with vendors and contractors to make your own project a success. APLD, WSNLA and ASLA CEUs pending.</p>
<p>October 2021 Date: TBD Members live session at \$35 recording only at \$25. Non-members recording at \$50</p>	<p>Webinar: Digital Design Tools for Drafting LandFx, Vectorworks and Dynascape dominate the design tools that are available for our landscape design industry. Hear from our member designers on how they use their preferred program and why. This will help you either enhance your use of the program or add new tools to your collection. Get tips and tricks that are vital to each user's work process.</p>
<p>November 2021 Date and Location TBD Pricing TBD (MEMBERS ONLY)</p>	<p>Webinar or In-Person Event: Ins and Outs of Designing a Deck Decks are complex structures with many elements to be determined and designed. Find out the common thresholds for when a deck needs to be permitted, and when a structural engineer is required. Learn how to navigate the permitting process and how to complete the documentation necessary to get a deck permitted. Get tips, tricks and detailed instructions from both a design and construction perspective. Don't let the complexity of decks intimidate you any longer. APLD, WSNLA and ASLA CEUs pending.</p>
